

QUINTE Q.R.M.

Monthly Bulletin of the Quinte Amateur Radio Club,

Meets Kiwanis Centre first Wednesday in every month.

Next Meeting - Wednesday February 7/1951 starts 7:30 PM.

NEXT MEETING

You guessed it, we're not having that long promised social evening next month, nor are we having Alex Reid to speak to us,----nor are we having anyone tell us how Lil' Abner is going to get out of his present predicament,----But we are going to have a real interesting meeting. Put a circle around February 7th and plan on being there.

At the next meeting we're going to have Harry Overend 3AAJ give us a brief talk on T.V. receivers, how the picture is produced and how and why our amateur transmitter signals cause T.V.I. Through the courtesy of Jack Warner 3ADJ, Stewart Warner are supplying a 16" T.V. set for demonstration purposes. Gord Turney is bring a signal-generator which will be used to set up some interference and demonstrations will be made of various filters, traps, etc., used by hams to eliminate T.V.I. Jack Warner will make a few remarks regarding the success he had, Reg Varcoe will tell of his experiments and Harold Enright will tell us how his Harmoniker works. Gord Turney will say a few words and Jim Jarvis will tell about the work done on VE3AOP's transmitter to eliminate T.V.I. (It is a fact at last, on 75 M only, Jarvis did the designing, Carruthers did the work) Here is an excellent opportunity to find out how the other fellows have eliminated T.V.I. Once again we urge you not to miss this meeting.

In addition to the above, we are going to have door prizes donated by Radio Speakers Ltd. Marsland Eng. Kitchener and Payettes, Montreal. We will also have a number of raffles. Albert Bakyta will be in charge of the raffles. A voucher for \$2.50 worth of radio gear at the Big A, a power transformer donated by 3AOP and several other items. Incidentally if any member wants to donate something to the Club for this raffle, bring it to the meeting. The Club would also consider purchasing equipment for these raffles if the price is nominal. Let's make this the best attended meeting of the Season.

Charlie Says

PRESIDENT'S CORNER

All signs point to Belleville becoming an important T.V. area, if it has not already done so. For radio hams, that spells trouble and nothing could be surer. However, it can be stated that no ham need to be Q.R.T. permanently on account of television interference. Your executive had this in mind when it planned the coming meeting. If you wake up some morning to find a T.V. antenna on your neighbour's roof, then you should be at the February meeting.

Bill Barrie VE3AAS.

Your

LAST MEETING

We had a lot of fun gathering the parts for those "half gallon" rigs. Some of the "Tanks" used were out of this world. The Judges had difficulty deciding on the winner. However John Grant and his team won the leather-coated-thunder-mug. This was a good meeting. The fellows had an opportunity to visit the various ham shacks in Belleville and also had a chance during the evening to meet and talk with fellow hams.

Dues

V.H.F.

Not too much activity reported but once again we ask you to bear in mind that one of the features of our March 7th meeting will be an exhibition of V.H.F. equipment. Please remember that this equipment does not have to be completed or working. It is just an indication of the work being done by those hams who are interested in getting on 2 and 6 meters. There will be prizes. Dick Charlton 3AZS is ready to go. Gene Hitchon is on the air, Albert Bakyta is rapidly getting his equipment into shape. 3AOP has just put up his 6 meter beam, 3RW is anxious to get back on. Any other fellows interested in 6 and 2 meters should get started on equipment for this band now.

Are

LADIES NIGHT.

The Executive regret that we have disappointed the XYL's once again. We feel we should try to make this a real get together. The Ladies' Night meeting will take the form of a banquet at one of the better eating establishments and efforts are being made to arrange an interesting program. Tickets will be sold in advance for this affair.

Due

ALEC REID

As you know, we wrote Alec Reid and asked him to be our guest speaker at some future meeting. Unfortunately he is in a business that demands a great deal of his time during this Season. He has assured us however, that he would be glad to meet with us sometime in May or early in June and tentative plans are being made to arrange a meeting at this time, with invitations being extended to the Oshawa, Peterborough and Kingston Clubs. This is purely tentative and will depend on Alec's itinerary.

KIWANIS CLUB

The Secretary of the Club has forwarded a cheque for \$10.00 to the Kiwanis Club Welfare Fund. This is our annual contribution for the use of Kiwanis Centre as our meeting place.

AFFILIATION WITH THE ARRL

We have received an acknowledgement of our application for affiliation and expect our Charter will be along in due course. We have the following amateurs listed as members of the ARRL

Gene Hitchon VE3AJS, Belleville, Ontario.
Albert Bakyta VE3BHK, Belleville, Ontario.
Harry Pitt VE3BND, Belleville, Ontario.
Charlie Young VE3BUV, Belleville, Ontario.
Jack Warner VE3ADJ, Belleville, Ontario.
William H. Barrie VE3AAS, Foxboro, Ontario.
Gordon Turney VE3ASD, Trenton, Ontario.
Frank Hochberger VE3BUY Trenton, Ontario.
Ken Cairns VE3AMT, Campbellford, Ontario.
Hertel Rennie VE3BSU, Marmora, Ontario.
J. Harold Enright VE3BSQ, Belleville, Ontario.
Harold L. Carruthers VE3AOP, Belleville, Ontario.

As you know, 51% of the amateur members of the Club must be members of the ARRL for affiliation purposes. This must be maintained each year. Also 51% of the voting members of the Club must be members of the ARRL. Under our old constitution, licensed amateurs in the Club only, were allowed to vote on Club matters. Anyone who is a member of the A.R.R.L. and whose name does not appear in the above list, would you please let us know at the next meeting. If you are not a member, once again we urge you to join and support the organization that supports us. \$4.25 a year, which includes Q.S.T. is a small price to pay for this support.

SPLATTER

Albert Bakyta 3 BHK is interested in getting someone else in town on 420 MC.---- We were glad to welcome the boys from the Stirling Radio Range (D.O.T.) to our last meeting. Bill Moynes 3AKM, Reg Stewart 3QJ, Lloyd Stokes and Albert Sager. We are looking forward to seeing them at our future meetings. The enclosed list of amateurs in this area, calls and address, etc., is supplied by the Club for your information. There may be some errors but to the best of our knowledge, the information listed is correct. If there are any errors, please let us know and we will correct them for future purposes. We have also included a list of non amateurs who are interested in the Club, attend our meetings and hope to one day, get their ticket.----We are sorry to learn that Frank Hochberger is in the Kingston hospital once again. We all join in wishing him a speedy recovery.

73 - 3AOP.
