

# QUINTE QRM

MONTHLY BULLETIN OF THE QUINTE AMATEUR RADIO CLUB

March 28, 1952.

Next Meeting - Time - 7.30 p.m. Wednesday, April 2, 1952

Place - The Airforce Association Club Rooms,  
224 Front St. (over Lattimer's Drug  
Store)

## Programme

Alex Velleman 3BTQ will show a film on the Radio Amateur's part in civil defence. This film will be shown at the beginning of the meeting, so be sure to be on time. Following the film, our "great" "big" "huge" auction sale will be held. This is your chance to get rid of that excess gear or to pick up some long needed items (including that green stuff).

For those of you who may have forgotten how the auction works, here are the rules. You may auction off any item of ham gear (or any useful item). All you have to do is to bring it to the meeting. If you haven't the transportation, contact one of the executive, and they will arrange to get your goods to the auction. A reserve bid may be placed on your article if you so desire. The articles will be sold to the highest bidder with 10% of the selling price going to the Club. We would like to remind you to be at the meeting as early as possible so that your goods may be tagged and entered before the meeting. There will be someone on hand from approx. 7.00 p.m.

## President's Corner

Thanks fellows for the fine turnout last meeting. We have three more left before summer Q.R.T., so lets make them 100% and go down in a blaze of glory hi hi.

Because of the large crowd expected we are holding this coming meeting in another spot where we can get the needed facilities.

The Kingston boys are expected down, and we hope to give them a good show.

Come along and meet the gang. Hope to see you all out.

Al Smith 3BCV

## Door Prizes

There will be several door prizes, so if you want to run a kilowatt (courtesy Alex Velleman 3BTQ) be sure to be on hand for the meeting. We also have some other prizes donated through the kindness of Mr. Anderson of the Bakelite Co.

Refreshments will be served for a nominal charge of .25¢. This includes "hot" coffee.

### Editor's Notebook

I would like at this time to welcome the members of the Kingston club who will be attending our next meeting. We are always glad to see you come down and pay us a visit, and if you wish to bring any gear to the auction sale, your more than welcome to do so.

Notice to all clubs receiving the Quinte Q.R.M., I would like to receive a copy of your Club Bulletin, so if you would send one to me, R. Beasley VE3CAC, 101 Bridge St. West, Belleville, Ontario, I would appreciate it very much. ----- Your editor would like to see a few more articles in the Bulletin. Remember this is your club, and your Bulletin, so if you're using a new type oscillator or modulator or - - - -, well anything which pertains to ham radio, why not tell the rest of the O.M.'s about it. I know they'll want to hear all the dope on how you licked that T.V.l., got the mobile rig perking, or what have you. - - - - - Don't forget that the field day is coming up in June, so get the portable rigs warmed up. Congratulations too are in order to Rae Lancaster who just got his ticket VE3BPR. - - - - - 3 Rusty Wires may not have any T.V.I., but he has got B.C.I. I picked him up at my house on an A.C.-D.C. set. - - - - - Hey gang are you about ready for a good bun feed, well plans for our 2nd annual banquet are on the way, but more about this later on.

Well what's it going to be on 2 vertical or horizontal. - - - - I hope the enclosed list of the members is correct and I haven't left too many out or made too many mistakes. Guess that's all for now as I have to go clean the junk box out for the auction.
