NEWS

We have been asked to delay the repeater frequency change until after the R.S.O. Convention in mid-August.

This is now under consideration.

Mike, VE3FNP, reports 46 paid up members in the QARC.

Harold, VE3NW, is in Kingston Hospital for some repairs.

Gil, VE3BBQ, is also in Kingston Hospital for further treatment will be back home in a few days.

Mike, VE3BAE, is helping out with our program to assist C.N.I.B. members in getting their licences.

The Kingston repeater is now in its new location and working much better. It can easily be hit by base stations in Belleville.

The Kingston ARC banquet on the 21st of last month was a FB affair it was attended by VE3RL, VE3AUU and VE3FNP and their XYL's from Belleville.

FOR SALE

Harold Carruthers, VE3NW, has a lot of goodies for sale space does not permit a complete list. Here are some of the choice items if they are of interest to you, Harold can be reached by land-line at 968-9607.

2, 6 & 220MHz Converters \$20 - \$25
Precision 5" Scope \$30
Prop Pitch Motor & Compass Indicator \$30
Heath Impedance Meter AM1 \$4
Heath SWR Bridge AM2 \$7.50
2 metre "J" slot stacked beam \$30
Big wheel antenna, 220 MHz beam, 6 metre beam
Hygain 10-15-20 Beam \$60
APA-30 VHF Bandscanner \$30
Surplus T28/APT-1 Radar Tx \$4
Various coax switches \$3 each
Rack of 2, 6, 220MHz Tx's & supplies, 4X140's \$125
Various small components, 4CX300A tube with socket, etc.
30 foot windmill tower with two 10foot sections of triangular tower \$20

Harold will consider offers, talk business, haggle, throw in an old power transformer, trade, or take old pre-1939 battery radio gear as part payment. DON'T DELAY - SEE HIM TO-DAY!!!

Field Day is in sight want to operate???
Do you have a trailer to loan??? The June meeting will finalize plans for this year's activities.

Didn't get a chance at the last meeting to thank Syd Horne, VE3EGO, for his very fine presentation on SSTV many thanks Syd for the fine effort!

Sunday, April 15th was repeater fix-it day. The old machine started to act a bit queer a while back so, a new set of tubes placed in the receiver perked it up - very shortly, the transmitter will be looked over in a similar manner. Thanks for the assistance of Orlan, VE3AXZ, and Henry, VE3GON, in this minor overhaul our spare tube inventory is now down 18!!!

VE3AHU, Art, and Tony, VE7CCI/3, attended our last executive meeting to ask for help in publishing the C.A.R.F. Bulletin ... Gil, VE3BBQ, is unable to cope with the work due to illness. Anybody want to be an editor for awhile? Any help would be appreciated contact Bill Crabbe if you would like to offer a hand.

Don't forget to get your raffle ticket on the 14AVQ Vertical Antenna. See Bill Crabbe or Howard Fralick for a ticket. Tickets are \$1 each.

Harry, VE3FJJ, fell off a ladder and broke his leg the cast does not permit him to get his trousers on so he is thinking about wearing a kilt a bit early in the year for that, isn't it Harry?

Next time you see Gene, VE3NN, get him to tell you about the special operating and exclusive bands available in Florida.

Buster, VE3NF, says that when the time comes for the Loyalist class to graduate, he will send up 3 inspectors to examine them for their Amateur licences. Bill Crabbe, please note!

Got anything for sale, swap or trade? Print it in the Bulletin - we get results!

Did you spot the April Fool article in QST this year? It sounds plausible enough to be true!

Anybody see Ivan Graham lately? I hear tell that he is getting ready for a big CW Field Day.

Another character that seems to be missing is George, VE3BZI.

Ross Dryden, VE3AUU, is moving soon and still has some goodies left from his list of disposable items.

Anybody got a good CW/SSB Receiver for sale? Henry, VE3GON, is frantically looking around for a suitable receiver.

2 METER RIGS WANTED - DT45, DT23, DJ84, Progress or Sensican will be considered. Contact Howard Fralick, VE3RL.
