Pres.	Rick Whiteford	VE3EJB
Past Pres.	Bob Brain	VE3GTD
Vice Pres.	Jerry Ingles	VE3HBR
Secretary	Fred Levere	VE3HBV
Treasurer	Mike Papper	VE3FNP

Members of Committees are appointed by the Executive and will be announced later.

Marty Collins has been issued the call VE3HPQ and Charlie Kilgour is VE3HPR. Welcome to the ranks of Amateur Radio fellows.

STOP PRESS- - - Bill Hockley VE3HLD is the latest to be assigned a call.

DIMBULB'S REPORT

I was sitting in the living room the other nite watching TV with the KYL when she suddenly said, "Say, lover boy, what do you want for Xmas besides me?" this sudden outburst shook me up so much that I spilt my screech down the front of my shirt. I said, "Well Doll, I know I'm the man who has everything, including you, but there is something I would like". She came over and sat beside me on the sofa and between nibbles on my ear said "What is it lover boy", I said, "Well, it's over in Howard's bargain basement, he knows all about it, so why don't you go over and talk to him?" She said "Ok, I'll go tomorrow, how much money will I take?" I said, "Well, everybody knows Howard's prices are good, so you shouldn't need more than \$790.50."

Next evening she went up to get my present and I went down to a meeting where all the City Alderman and the Mayor were making speeches for the election. The new Bridge across the Bay of Quinte was what they were talking about and one said we don't need it at all. Another one said it should be at Trenton and a couple of the older types said it should be at Shannonville. The guy I am going to vote for said we should build 2 dams and just drive over the Bay between them. A lady Alderman said we should bore a tunnel under the bay, use the rock to make a mountain on the 200 acres of land on the West end of Belleville that the city boutht for a Hippie Camp ground. The Mayor was against this idea because she said Hippies are usually spaced out on pot and somebody might get hurt. Somebody in

the audience stood up and asked the Mayor when she thought the bridge would be built. The Mayor said "Well, we haven't got the survey report yet and we can't get approval from the planning board until we get it. Also the Municipal Board approval isn't in yet and we don't know if we can get a grant from Bill Davis or not. Anyway it isn't approved yet by Dept of Public Works or the Dept. of Transport or the Rossmore City Council to say nothing of our own council which hasn't been elected yet. After that the architect will have to make a plan and then we can call tenders. After that we will see if there is any money left over from my big Hippie trailer park project. My guess is, she said, we should be able to start about 1999, but, since I won't be Mayor then, I can't really give you a firm answer. Does that answer your question? Next question please."

When I got back to the QTH the XYL was home watching "John's other Wife's Husband" on the idiot box. I said, "Well what went on at Howard's?" she said, "None of your business, pour me another shot of screech."

I haven't found out yet what she got me for Xmas and Howard says its not what I originally wanted but it's better because it costs more. Howard has a lot of queer sayings like that such as, "I can get it for you wholesale," "Don't worry about the price", "your credit is good", "they're cheaper if you take 6", "I'll give you your money back if I'm not happy, I would take it in on trade except things like that don't sell very well, If you can't unload it any other way, I will take it to the dump for you, and when I am leaving he always says "See you Friday nite or else". I'll tell you all about Xmas at our house next month. Until then, Happy New Year.

DIMBULB.

WORDS OF WISDOM

People can be divided into 3 groups.
Those who make things happen,
Those who watch things happen,
Those who wonder what happened.

You never get a second chance to make a good impression.

Anger is often more harmful than the injury that caused it.

We are sorry to report that Rae VE3NA has been in hospital for repairs.

Ed Goodier VE3NI is also in Belleville hospital and his XYL EV is confined to barracks with a broken arm. It never rains but what it pours.

Harold Carruthers VE3NW had a spread in the Belleville paper all about his hotby of collecting and restoring antiques. Don't forget the hobby of collecting SL cards Harold!

Dues are due. \$3.00 per year (we hope) - See our Treasurer Mike Papper VE3FNP at the next meeting or mail to him at 19 Highview Cresc.

We were sorry that Reg Varcoe VE3RR was not at last meeting to see Brock from VE8RCS and to see his picture album. Reg Varcoe is a household word up at VE8RCS. Keep up the good work Reg.

The Reg Varcoe and Bill Thompson Club awards will be made early in the New Year. These awards will be explained fully at the January meeting and awarded at the February meeting.

Sent in your dues yet for CARR, RSO, ARRL and QARC? All these groups are looking after your interests at the various levels and believe me, we need them.

146.400 MHZ-147.000 MHZ proposed frequency for VE3KBR.

Belleville Rag Chew Channel 146.580MHZ-146.580

International Calling & Simplex Channel

KINGSTON KORNER

BEAU W2EAP has his repeater going great guns on 146.16 in and 146.76 out. Brockville comes in here like it was next door.

JERRY WB2HZJ/VE3 has been on local radio, with a TV interview coming up. The news media got wind of a project in which he is involved. It is a Ministry of Health project on foot care starting with the very young. His experience with an amateur mike was a factor, and turned out to be a great help.

BILL BUSHELL VE3SLC has done it again. The call was listed in the DX Century Club in the latest ST. Congrats. BILL. He also made a rare contact recently. Got a DXpedition, ZM7AH on a Pacific Atoll. It was on a WIAW Bulletin listed as the TOKELAUS ISLAND DXpedition.

ST. LAWRENCE COLLEGE is opening a new faculty club on campus. VE3DXY and EW will be charter members.

JIM FAWCETT VE3GJ is sporting a new KW2000B and BILL WATTS VE3DWV reports success with a new FTDX401.

Tell your friends about the Advanced Amateur course starting Monday Jan. 13th at St. Lawrence. We still have a few vacancies, and it may be a few years before we get another course.

The Club has a builder's project under way. Several of us are building a crystal calibrator from a kit set up by ART BLICK VE3AHU. For some of us it is our first IC venture.

41st INTERNATIONAL DX competition coming up. Four weekends, 48 hours. Two on phone, two on C.W. Details in Dec. QST. VE3EW has a QST on his desk and 542-6858 at his elbow if you want the details. Also a SET (Simulated Emergency Test).

25 and 26 January. Straight key night is 0100 GMT 1 Jan 75. WIAW qualifying run 14 Jan at 2130 hrs. local time.

BERT VE3EW.
