PRESIDENT'S MESSAGE:

Dear Fellow QARC Members:

HAPPY NEW YEAR! ... and this is exactly my wish for our experimental radio hobby and for the QUINTE AMATEUR RADIO CLUB throughout 1987. Having in mind enjoyment as a guideline, your QARC Executive shall introduce, on a trial basis, a few small but interesting changes and innovations.

I believe, you see, that the Quinte Amateur Radio Club, the largest and most senior organization representing our technical hobby in the Quinte area, ought to be known and respected for its technical and scientific goals, for its speakers on a variety of subjects, perhaps for hands-on teaching projects, for community service, for its Club-approved emergency facilities, for occasional socials, for business sessions which are informative but brief and last but not least, for sufficient times set aside for informal and enjoyable "eye-balling".

We will build and reform slowly, planning with your interests in mind. As the weeks go on and you like what you see, tell others; if you don't, tell us!

I do not expect to ask much from any one of you through my term as President. However, when I do request assistance, I trust your reply will be, "Sure, I'll give it a try".

So, 73 for now, 88 to the good-looking XYL's and save the third Wednesday of each month for your Club meetings.

BOB BRAIN VE3GTD,
President, QARC.

CLUB MEETING: Wednesday, January 21, 1987 - 7:30 p.m. e.s.t.

Room P29. Pioneer Building, Loyalist College.

SPEAKER: JOE THIBEDEAU VE3 FZZ - Topic: SAILING CONCRETE VESSELS.

BODY SHOP: AL, VE3H NJ, GORD, VE3KBV and GEORGE, VE3BBW, in and out of hospital after surgery. NORM, VE3BAS still in BGH.

EXECUTIVE MEETING: _ Was held January 7 and detailed plans formed for the coming months. A letter of thanks has been sent out to last year's Executives who worked hard for us.

NEW CALL LETTERS: Barry Robinson has changed call letters from VE3CJC to VE3BBC.

NEW AMATEUR: Leo Weagant, VE3LAX, is again active on the air with a new call, after a long absence. The address is 567 Sidney Street, Belleville, K8P 4A5. Telephone 968-5101. Welcome, Leo, and we all look forward to many visits with you on the air.

THE CAMPBELLFORD REPEATER, VE3KFR, has moved to a new frequency. Please record 145-33 mhz and down 600 in your log books and directories.

Please make a note also of the new repeater at PICTON, VE3RAA, at 145-37 and down 600.

Please come early to the next Club meeting. The new meeting time is 7:30 p.m., with a new format aimed at a livelier meeting, early speaker time and a chance to "eyeball" the speaker, the executive and fellow amateurs.

Picton A.R.C. has a radio course directed to helping people obtain amateur radio licences. The course is to run 10 to 15 weeks and the cost is only for such texts as are required. For Full information, call Larry Van Wart, VE3IVO.

Please take note that this bulletin is the last one to be mailed out to those who have not submitted their 1987 dues to VE3MNL, or to Box 292 by next mailing day. The ever increasing costs are forcing us to tighten up everywhere.

73 John Lester VE3MB.
