418 WING RCAF ASSOCIATION WALK-A-RUN

Thank you to the following amateurs who donated their time and equipment to provide the communications for the Walk-a-Run on Saturday, May 2nd. Dave VE3BIP; John VE3BPA; Ivan VE3GHT; Al VE3HNJ; Sandra, VE3HON; Ron, VE3IVC; Horace, VE3LGO; and Norm, VE3OKK.
73 de Glen, VE3CJG

For those new amateurs who are interested in CW Al Taylor VE3WV will be conducting the Gray Bruce CW Net on Field Day from 6:15 to 6:45 local time on 80 Meters. Al will be acting as Net controller and using our club call VE3RL.

****SILENT KEY****

Our sympathy to the family of Sandy Cunningham VE3LYE who passed away on Sunday May 24, 1992.

Our deepest sympathy to Ross Dryden and his family on the passing of his mother Ann Dryden VE3DTD on Saturday, May 30, 1992.

PORTABLE AND MOBILE OPERATION

There seems to be some confusion regarding portable and mobile operation especially in reference to 2 metre usage. The following examples will provide some guidelines.

If you operate out of your own QTH, you are considered a base station and sign with this in mind. This has not reference to the type of equipment you use from your QTH or where on your QTH you operate it. This means that a handheld (HT), mobile rig in your vehicle or base rig are all the same if operated within your QTH property. Also, nothing changes if you operate outside the Ham Shack. Therefore, if you operate from the roof, or the front lawn, or the driveway, or the backyard tree, or pool, or whatever, you are still a base station because you are still within your home QTH property.

Now, if you leave your property, this is where things change. A mobile station is one that normally moves or can move. This normally includes HTs and rigs in vehicles. The term portable refers only to a station set up at a fixed location, which cannot move as in a mobile case, for extended periods of operation such as Field Day. This could be any location outside your home QTH. Now the HT story. HTs are considered mobile stations because the person carrying them is normally mobile. If you go to your fellow Amateur's QTH for a visit with your HT, you remain a mobile station at all times using your own call. This means that you operate under your own call, mobile, even from the other fellows shack. If you were to use his HT in the shack, you would use his call under a base station. If he in turn used your HT, he would use your call and sign mobile. The HT could become a portable station to someone stranded in a hospital for two weeks.

I would like to mention at this stage, that it is no longer required to sign mobile or portable within your own call sign area. However, if you use the terms, use them right.

Gord Woroshelo VE3EYW Algoma Amateur

While pondering your participation in Club activities consider the following:

How to Kill an Association:

1. Stay away from meetings.
2. If you go, find fault.
3. Decline office or appointment to committee.
4. Get sore if you are not nominated or appointed.
5. After you are elected/named, don't attend committee meetings.
6. If you are forced to go to one, clam up till it's over and then sound off on how things really should be done.
7. Don't work if you can help it. When the Old Reliable pitch in, accuse them of being a clique.
8. Oppose all parties, events, etc. as being a waste of time.
9. If everything is strictly business, complain that meetings are dull.
10. Never accept a place at the head table.
11. If you aren't asked to sit there, threaten to resign because you aren't appreciated.

Adapted from the Association of Volunteers Bureau, Inc.

The group photo that was taken at the May meeting will be for sale. Orders will be taken at the June Meeting and the price will be known.

The Club beam has been sold. We still have a Ham-M rotor for sale bids will be taken until the June meeting. Place your bid with any of the Executive.

Mall Display will be held in late August. Al VE3OX to confirm the date. Jo Ann Woods VE3MNL, Bob Brain VE3GTD, and Lenore Begley VE3MKL are the coordinators.

There are still some of the Packet Terminals left. They can be had for a \$30.00 donation to the club. See Al Smardon VE3OX.

There will be a SUMMERFEST in July, convened by Lenore Begley VE3MKL and held at her residence. The date of this SUMMERFEST will be announced later.

Special Notice from VE3DQN

This is for those members
who have not received their
Name Tag. Please Contact Me
and I will get one for you.
Don VE3DQN 968-9242

Since this is the last newsletter before summer holidays, I wish to take the opportunity to wish everyone a safe and happy summer.....you will hear from me in September with news and changes....Don VE3DQN.

PRESIDENTS MESSAGE

This year has gone by very quickly. I would like to take this opportunity to thank our executive for a job well done and helping make this year so successful. All of our objectives were met or will be by the end of June. We can't thank our bulletin editor enough, **Don VE3DQN**, for the great job this year. Excellent job Don. Also we would like to thank **Bill VE3NFD** for the great coffee and biscuits at breaktime. Very Fine Business Bill.

I would like to thank our membership for making this year one to be proud of. Attendance at Ham and Eggs was up by almost 50%. The random "**free breakfast**" added a touch of curiosity.

We averaged around 40 members per meeting.. Our meeting room seemed to be overflowing every month!

Club membership increased by over 40%. Undoubtedly the new regulations has influenced this phenomenal increase. We certainly welcome all the new members and look forward to their new ideas and participation. We want **you** to be proud to be a member of the Quinte Amateur Radio Club.

Thursday nite **2M NET** attendance has also increased. We thank **John VE3YAD** for doing such a fine job.

This year the executive purchased **Club QSL cards**. Infact there should be a souvenir copy in this mailing. If you didn't get one ask for one from one of our executive.

The **June meeting** will be a very special one. Don't miss it! Unfortunately, I will not be able to attend; so I would like to take this opportunity to thank all of you for your support this year. We will strive to make it interesting and fun again next year. But remember - we can't do it without you, so please volunteer and help make the QARC the best ever.

Looking forward to next year we are considering a **FOX hunt** every month, after Ham and Eggs. So if you haven't participated yet you will have lots of chances next year. If anyone has any ideas for guest speakers or field trips please bring it to the attention of one of the executive. Don VE3DQN will also be publishing a **DIRECTORY of PACKET operators** to be available at next Septembers meeting.

To help defray cost of monthly bulletins next year, we are considering soliciting **advertizing** from local businesses. If you know of anyone that would like to participate, please let us know.

Our objective last year was to make Ham Radio and the **QARC interesting and fun**. We want to carry this theme into next year as well.

Have a **Safe and Hamful** summer. **C U** at the **Summerfest** at VE3MKL's QTH at the end of July.
